

We are looking for you! Full-time Service technician (m/f/d)

We are a young and dynamically growing company. The Zimmermann PV-Steel Group has been developing, planning and supplying solar mounting structures for projects worldwide since 2009.

Our portfolio comprises fixed tilt mounting systems, single-axis tracker systems and floating systems. As a fourth technology, we develop and design systems for Agri-PV applications.

The company headquarters are located in Oberessendorf, between the cities of Biberach and Ravensburg. We have several international sales offices and work closely together with distribution partners all over the world.

Your tasks:

- Supervision of construction sites during the entire construction period
- Carrying out commissioning of our tracker systems
- Quality controls on the construction sites
- Customer and assembly training
- Process and product optimisation
- Documentation of processes and products
- Regular reporting at the main location in Oberessendorf

What we expect from you:

- Successfully completed technical training
- Independent work with a particularly high degree of customer orientation
- Ready to travel within Europe on a weekly basis (up to a maximum of 50% of working time)
- Organised and structured way of working
- High flexibility
- Good knowledge of English or willingness to learn English

What we offer you:

- Above-average pay and company pension scheme
- Flexible working hours
- Bonus payments and Holiday and Christmas bonuses
- Company car with private use
- Job bike and charging stations for e-mobility
- Complimentary fruit, water and coffee
- And much more...

We offer optimal working conditions in our new office building. The working atmosphere and the team spirit are excellent.
